

Japanese-German Graduate Externship Nagoya University — University of Münster News letter

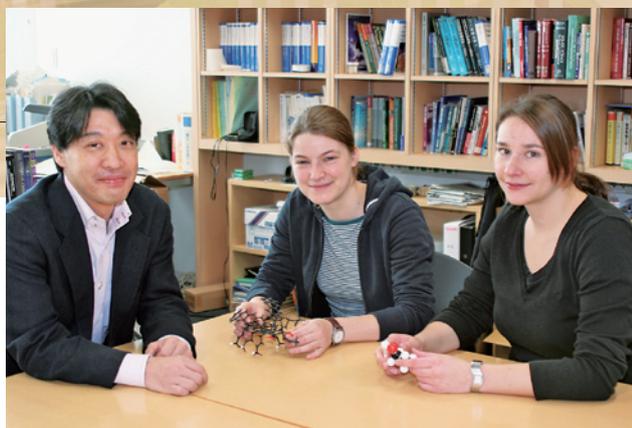

Opening of the DFG Office in Tokyo Japan, April 15th, 2009 Symposium “Promoting Young Researchers”

The DFG opened an office in Tokyo on April 15th 2009. This was the fifth DFG foreign representative office, joining those in Peking, Washington/New York, Moscow and New Delhi.

Opening remarks were made by officials from the DFG, MEXT, JSPS and JST. The keynote address was given by Nobel Laureate Physics 2008, Dr. Makoto Kobayashi.

Prof. Kunio Awaga of Nagoya University and Prof. Gerhard Erker of University of Münster were featured at the opening ceremony. Mr. Masakazu Nambo and Ms. Kirsten Spannhoff of University of Münster reported on their experiences as Doctoral exchange students in Germany and Japan respectively. From these presentations, the benefits of the exchange program were apparent.

Japanese Students From Nagoya to Münster

Name Shun Ohta
Period April 4, 2009 – July 5, 2009
Group Prof. Bart-Jan Ravoo
Research Title
 Attempt to Prepare the Bypyridy Ligands having Vinyl Groups for the Molecular Memory

Name Lili Liu
Period August 30, 2009 – October 11, 2009
Group Prof. Ernst-Ulrich Würthwein
Research Title
 Quantum chemical investigation of the transformation processes of polyacrylnitrile (PAN) to carbon fiber

Name Yasuhito Miyoshi
Period January 11, 2010 – March 21, 2010
Group Prof. Helmut Eckert
Research Title
 NMR analysis of lithium phthalocyanine inclusion compounds

*The 8th Joint Seminar held in Nagoya. (September 28 and 29, 2009)

Japanese Students The 7th Joint Seminar in Münster. (May 1 and 2, 2009)

Name Kyohei Yoshimitsu
Title of Talk Nitrogenase Transcriptional Activator, VnfA — Identification of Signal Molecule by Using in vivo Activity Assay System —

Name Kenji Nomura
Title of Talk Spontaneous Current Oscillation and EPR in Nonlinear Transport of Organic Semiconductor NT3GaCl4

Name Kazunori Ohashi
Title of Talk Scanning Tunneling Microscopy/ Spectroscopy on the Electronic Structure of Metallofullerene Peapods

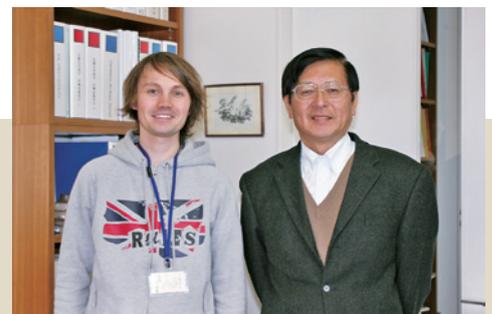

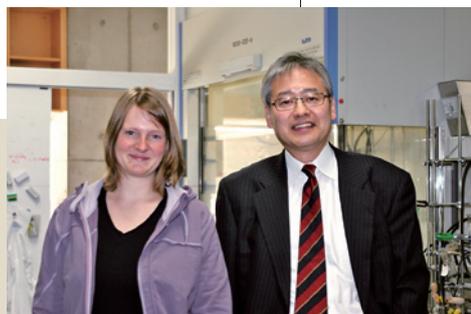

Name Azusa Iida
Title of Talk Design and Synthesis of Intense Blue Emissive -Electron Systems

Name Osamu Kose
Title of Talk Transition Metal-catalyzed Cross-coupling Reaction of Two different Alcohols

German Students From Münster to Nagoya

Name	Kirsten Spannhoff
Period	February 1, 2009 – June 5, 2009
Group	Prof. Kazuyuki Tatsumi
Name	Julia Hederer
Period	April 1, 2009 – October 17, 2009
Group	Prof. Yoshihito Watanabe
Name	Benedikt Neue
Period	April 1, 2009 – October 17, 2009
Group	Prof. Shigehiro Yamaguchi
Name	Christina Meyer
Period	April 1, 2009 – October 23, 2009
Group	Prof. Kenichiro Itami
Name	Hendrik Klare
Period	September 18, 2009 – March 17, 2010
Group	Prof. Kazuyuki Tatsumi
Name	Claudia Lohre
Period	September 18, 2009 – March 17, 2010
Group	Prof. Kenichiro Itami
Name	Jan Mehlich
Period	September 19, 2009 – March 9, 2010
Group	Prof. Hisanori Shinohara
Name	Nina Blaas
Period	September 19, 2009 – March 20, 2010
Group	Prof. Masato Kitamura
Name	Ines Ferse
Period	September 19, 2009 – March 20, 2010
Group	Prof. Kenichiro Itami

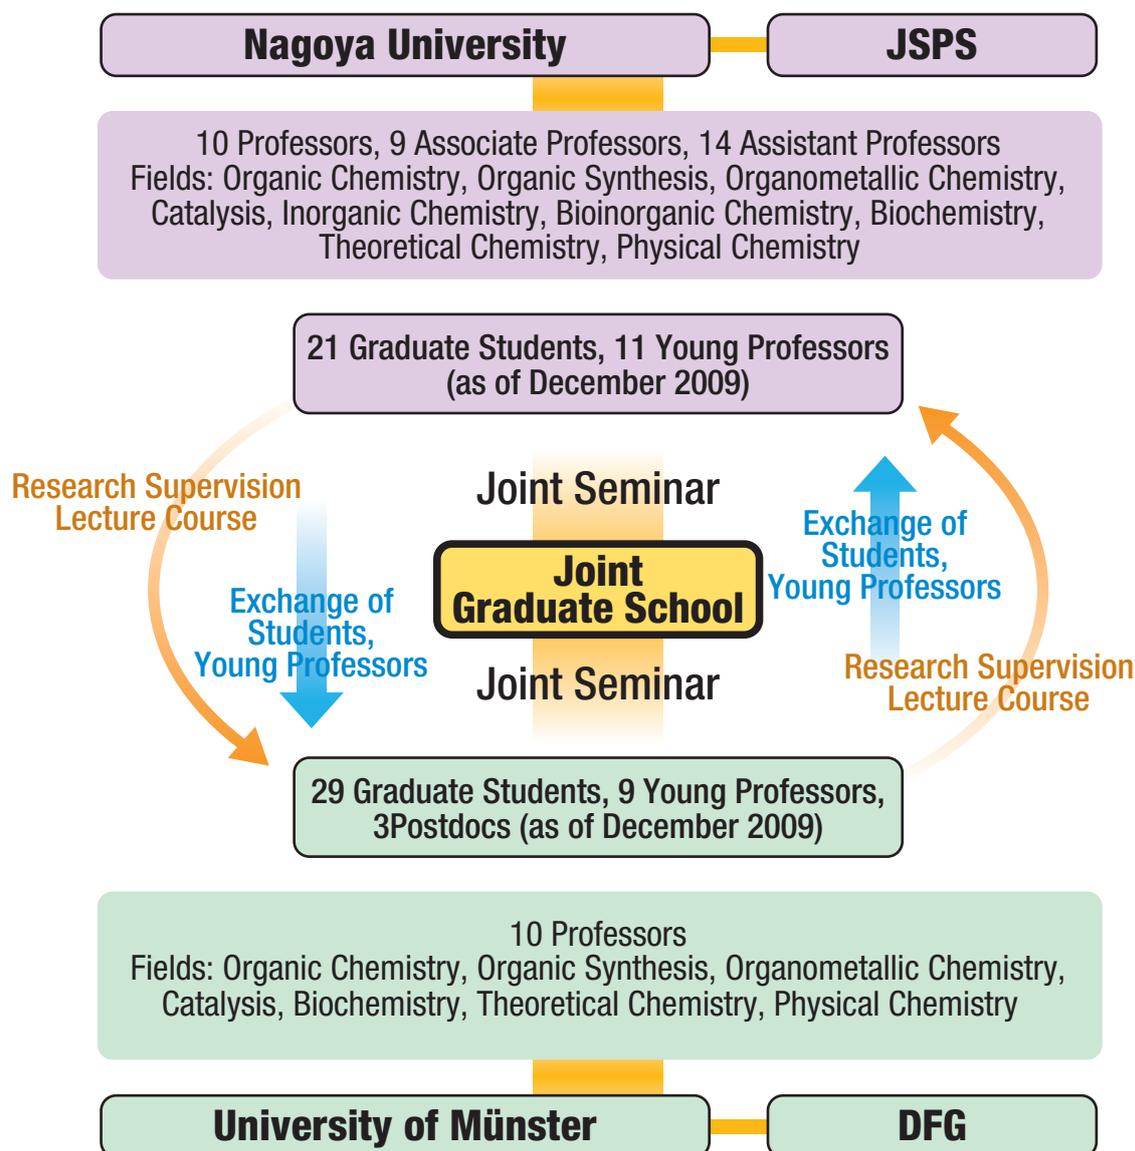

Young Japanese Professors From Nagoya to Münster

Name	Asst. Prof. Hiroshi Naka January 17 – January 23, 2010
Name	Asst. Prof. Junichiro Yamaguchi March 17 – March 24, 2010

Japanese-German Graduate Externship

Cooperative-Education since 2005

March, 2010

Research Center for Materials Science, Nagoya University

Furo-cho, Chikusa-ku, Nagoya

464-8602 Japan

TEL +81-52-789-5907 FAX +81-52-789-5902
